## A ROOF GARDEN PATIENTS AT FOR KIESEL THE LOCAL BUILDING HOSPITAL

Shreeve and Madson have completed the plans for the five-story Fred J. Kiesel building to be erected on the corner of Twenty-fourth street and Hudson avenue and are now at work on the specifications. They hope to have everything ready within a short time for the receiving of bids from contractors.

The building will be constructed of steel and concrete, making it fireproof. In addition to the 90 modern office rooms, there will be six store rooms on the ground floor. The corner room will be the home of the new bank, but it is not known what firms will occupy the others.

The entire fifth floor and roof will be taken over by the Weber club. Club members will have the privileges of a beautiful roof garden and will have the pleasure of warm nights of sitting on the balcony that will extend the entire length of the building on Hudson avenue.

The specifications call for a barber shop with bath to be located in the club part of the building.

## GEYSER IS VALUABLE

Fresh Water Spouting in San Francisco Bay Worth \$1,000,000.

San Francisco, Dec. 14.—The infant geyser loosed from the bottom of San Francisco bay yesterday by a pile driver, is worth \$1,000,000 to the state of California. Jerome Newman, chief engineer for the state board of harbor commissioners, estimated today that the board, by using the fresh water spouting from the bottom of the bay, instead of buying its water, would save \$50,000 a year.

The flow continued copious today and if anything augmented rather than diminished. Engineer Newman thinks there is every reason to believe it permanent. The state chemist finds it pure and fresh, similar to the best artesian water.

Through the railroad company, the inspector learned that the car had been fumigated. If there are cases of smallpox in the gang they will be quarantined.

## SHEEPMEN ON A SUCCESSFUL MISSION

Today the advisory board of the Utah County Wool Growers' association met with Forester Homer E. Penn, head of the grazing department in the Fourth district, and Supervisor W. L. Pack of the Utah forest, who is here on detail for a few weeks to consider proposed changes in sheep allotments for grazing on the Utah forest lands.

The question of extended privileges for the grazing of cattle on the forest was also taken up.

The members of the advisory board at the meeting were J. R. Allen of Draper, E. D. Clyde of Heber and John Austin and R. W. Young of Salt Lake. They arrived in the city at an early hour this morning, returning home soon after the conference, which was concluded before the noon hour.

Forester Penn stated after the conference that he had nothing of a definite nature to give out, only to say that the suggestions of the sheepmen were acceptable to his department and that some changes would be made for next season's grazing. A little more latitude will be given cattle interests along the Duchesne river.

## PRICE OF LAND FOR THE NEW CUT-OFF

Yesterday the county commissioners met with some of the real estate owners along the route of the North Ogden-Pleasant View cutoff with a view to settling the question of right of way without condemnation proceedings, and upon their return from the conference they stated that the prospects were good for an agreement as to the price that shall be paid for land that will be used for the new road.

At the end of his term of office on December 31 Superintendent John Child of the county infirmary will discontinue his associations with the institution for reasons best known to himself. This information has been communicated to the incoming board and the present commissioners are endeavoring to get the new board to select Mr. Child's successor that he may be appointed before the first of the year.

The commissioners report that the rock crusher at the point of the mountain near the Hot Springs is being operated very day, the result being that about 100 tons of crushed rock are being placed on the Plain City roads. The rock taken from the Hot Springs quarry is making the best possible macadam.

## RABBIT HUNT IS FOR THE POOR OF CITY

The biggest rabbit hunt of the season will occur on next Wednesday when 100 gunmen will leave Ogden on a special train for Monument, on the old line of the Central Pacific, north of the lake.

The special will be made up of two coaches and a baggage car and every fellow who can handle a gun and has \$2 for the round trip is expected to join in the raid, as the rabbits are there by the hundreds of thousands.

The hunters expect to bring back 5,000 of the slain, of an average weight of five pounds. The game will be turned over to the Salvation Army and other charitable organizations for distribution to the poor.

The managers of the hunt had been offered 25 cents a pair for all they could deliver at Monument, but decided to turn the results of the hunt over to the poor without compensation. At 12½ cents each the 5,000 rabbits would bring \$625.

Tickets for the trip are on sale at Brownings', the Palace barber shop, the depot and other places.

Hunting rabbits for the market has drawn half a dozen men into the field near Monument, and the game is being shipped to Salt Lake and other points.

Had the dealers been able to secure the animals to be killed next Wednesday, they would have allowed the carcasses to remain on the ground over night to freeze and then have shipped an entire carload of this refrigerated meat to Chicago to be sold to the game markets at a profit of at least \$500.

**EXCITEMENT DURING A BLAZE**

An overheated stove caused a fire at 11:54 o'clock this morning in a building adjoining the Troy laundry on Wall avenue, but the damage done to the house will not exceed \$25.

When the department arrived on the

scene the fire was nearly extinguished through the efforts of employees of the laundry who had run out a hose through the window.

The building was formerly the Kiesel bakery, but is now occupied by Robert Anderson. When the stove set fire to the lathing the occupants began to carry their furniture to the street, and in the confusion more damage was done to the furniture than to the house. The stove was carried out to the yard after the department arrived.

All loss is covered by insurance.

## OPENING OF AN AMUSEMENT HALL

To celebrate the completion of their new amusement hall, the members of the Tenth ward held an entertainment last night, consisting of a short program and a dance. The new maple floor was in first-class condition and the large crowd had an enjoyable time. Music was furnished by an orchestra of five pieces and refreshments were served.

A feature of the introductory program was an exhibition of Swedish folk-dances by a company of Swedish dancers in costume.

The new hall is located on Washington avenue, near Canyon road, and is completed with the exception of some painting and decorating. The building consists of a hall with an excellent dancing floor, a roomy hall and a large basement.

**STRATFORDS IN FAMILY REUNION**

A big social event in Ogden last week was the reunion of the Stratford family in honor of the 51st birthday of mother Marianna Stratford. Mr. and Mrs. J. P. Smith and their entire family from Logan and Brigham, were here for the occasion, and there were children, grandchildren, and great-grandchildren to the number of upward of 100 present from points all the way from Salt Lake to Pocatello, besides a large number of old acquaintances as invited guests.

The affair took place in the Fourth ward amusement hall, and began with a superb banquet at 6 p. m., which was interspersed with toasts in which President Wm. Budge told of some early-day experiences with the Stratford family; J. P. Smith, humorously told how he secured a mother-in-law; Albert Stratford related how mother made a man of me, and Mrs. Kate Stratford paid a glowing tribute of respect to the honored guest from a daughter-in-law's viewpoint.

Following the banquet a program was rendered in the chapel, opening with a hymn by the congregation; prayer by F. W. Stratford; vocal solo by Miss Gladys Stratford; an address by President C. W. Penrose, who has been acquainted with the Stratford family since his early youth, baptized them into the church, and is a relative by marriage; instrumen-

tal duet by Messrs. Leslie and Edwin Smith; brief review of his mother's life by E. A. Stratford; vocal solo by Alf. Stratford; vocal solo by Gladys Stratford, and an address by the honored guest, Marianna Stratford.

In the midst of the rendering of the above program a touching feature was the marching onto the platform of the oldest to the youngest of the family, each of whom labored assiduously in the undertaking. One of the talked of features of the banquet was the big three tier birthday cake, handsomely frosted and surmounted with 51 tiny candles, indicative of the age of the guest of the occasion. It was the work of Mrs. M. J. Griffin, a grand-daughter.

Among those from the outside were President Wm. Budge, Miss Annie Budge, and Mrs. Julia A. Nibley; from Salt Lake came Prest. and Mrs. C. W. Penrose, Mr. and Mrs. Wm. R. Jones and Mr. and Mrs. Jed Skeen; from Pocatello, Mr. and Mrs. Jesse G. Stratford, Mr. and Mrs. E. C. Stratford, Messrs. Roy and Clyde Stratford and Miss Marvel Stratford; from Brigham, Mr. and Mrs. H. P. Barrows, and Mr. and Mrs. C. O. Roskelley; from Ogden, Mr. and Mrs. E. A. Stratford, Frank W. Albert, E. Charles H. Horace B. and Earl Stratford, with their wives, children and grandchildren, Mrs. Peter Baird, Mrs. Peter Moore. Also a considerable number of old time friends of the family.
